Exterior Renovation Project Drop 24

IMPORTANT NOTICE

REMOVAL OF PERSONAL BELONGINGS FROM LANAIS

DATES: September 7 – November 30, 2018

WORK HOURS: 8:30AM – 4:30PM

ATTENTION: Residents in **Stacks 10 & 12**

The contractor will continue the exterior renovation project at the 10 and 12 apartment stacks on September 7, with an estimated completion date of November 30, 2018.

Please be advised this is a formal notice.

All personal belongings must be removed prior to 8:00AM on September 7, 2018 and remain off of the lanais until further notice. A \$500/day contractor delay fee will be billed to the owners of those apartments that are not in compliance.

All bird netting must be removed from lanais by Friday, September 7.

- In order to protect residents and their guests, the lanai sliding glass doors will be locked shut from the outside with a 4 inch opening to remain in the door for fresh air. The lanai door will remain locked from the outside until the work on the 10 and 12 stacks is complete. Please note that the doors do not need to be kept open as part of the project and you may close them if you wish for more privacy and/or to keep out dust or noise.

In an effort to streamline communications during the project, please direct all project related questions to the building management. Please do not ask the workmen any project related questions. Any questions will distract them from the goal of completing the project on time.

We apologize for the inconvenience that this project may cause and thank you in advance for your patience and cooperation.

Thank you,
Ron Komine Jr. – General Manager 808 591.8927
